

Welcome to Grimm Tours, Orange County's premiere immersive theatre experience! We transform your favorite childhood bedtime stories into unforgettable live experiences. Enjoy the classics such as *Snow White*, *Rapunzel* and *Hansel and Gretel* to the more obscure works including *The Fisherman and His Wife* and *The Girl Without Hands*.

As an audience member, you will be immersed within the walls of the Naguchi Gardens where you get to choose your own adventure within the fairytale of your choice. There are multiple locations where different scenes take place, so you can travel through the story in whatever order or pace you like. In creating theatre in this way, every participant gets an individualized experience.

We will be telling these stories in a non-traditional site-specific fashion. *The Girl Without Hands* will be told through the colorful Bollywood and the larger-than-life Epic genres. The storytelling will also be supported through the mediums of Cabaret and Séance. The audience will incorporate elements of Commedia dell-Arte by being required to wear Commedia-styled masks in order to immerse themselves even further into the piece. To add to the audience's unique experience, adult beverages and hors d'oeuvres are provided with a ticket purchase. Tickets are General Admission and are only \$29.99.

Grimm Tours looks forward to providing excellent entertainment for the Orange County Community!
